

Safe – Happy - Independent – Nurtured – Engaged

Outcomes statement for the academic year of 2020 – 2021

It is Longdon Park School's aim to harness passions, unlock abilities and realise potential through the delivery of individualised learning pathways to support pupils and their families.

Our students enjoy access to highly ambitious and individualised pathways. This enables the vast majority of our leavers to feel ready to confidently access the next stages of their education, employment or training.

In line with the above statement, we are proud to report that last year the school was able to broaden and enhance its curriculum offer to provide a wider range of subjects for our students to access around their personalised interests. As a result of this, our students were able to achieve their highest and most successful set of outcomes to date across a broader range of subject areas. An overview of these outcomes has been displayed below.

Congratulations to all the students, staff and parents which have made these achievements possible!

Year 10 and 11 student outcomes from 2021

	Entered	Passed	%
English & Maths (Any / Part Award)	9	9*	100
